IMPORTANT NOTES:

To be eligible for the Auburn MAc Program, candidates must have a four-year undergraduate degree from an accredited university. Candidates must have also completed the business and accounting foundation courses outlined above. In addition, a candidate's academic background in accounting must be U.S. based which would include having studied U.S. Generally Accepted Accounting Principles (GAAP), Generally Accepted Auditing Standards (GAAS), and the Internal Revenue Code..

The Auburn MAc Program is a professional non-thesis degree program requiring 30 semester hours of coursework. All students (both on-campus and distance learning) are required to participate in a four and one-half day on-campus residency while enrolled in the last fall semester of the program. The on-campus residency is a graduation requirement.

Applicants must have completed the business and accounting foundation courses prior to enrollment in the MAc Program.
