

## ENFB Electives by Career Interest

Below are suggested electives based on a student’s entrepreneurship career interests. These suggestions are non-binding, and they do not appear on a transcript, diploma, or university curriculum model. Students only need to meet the requirements for the ENFB minor and do not need to complete any group of electives to graduate. Be sure to check prerequisites. Other electives may be offered. In addition, if you are working on launching your own startup or in a paid role in an existing company, you may be able to earn internship credit by taking ENFB 4920: Internship (restrictions apply).

	Required ENFB Courses	ENFB Electives
<b>ENFB Minor</b>	ENFB 3140: Essentials of Entrepreneurship	At least three 4000-level ENFB or other approved electives (options listed by career interests below)

See <https://harbert.auburn.edu/degrees-programs/undergraduate/minors.html> for a complete list of approved electives for the ENFB minor, including those offered in the College of Science and Mathematics, the Honors College, and College of Human Sciences (pending).

In addition, although the following have not been approved as electives and, thus, do not currently count toward fulfilling requirements for the ENFB minor, they are courses that when taken along with ENFB 3140 and ENFB 4200 should provide a strong educational foundation for students interested in social entrepreneurship and non-profit management.

	Suggested Electives
<b>Social Entrepreneurship and Non-Profit Management</b>	CADS 2700: Nonprofit Studies
	CADS 3780: Grantmaking for Philanthropists**
	CADS 4910: Practicum in Philanthropy and Nonprofit Organizations
